

- ١- Role Of nutrition counseling in enhancing nutritional care.
- ٢- Basic characteristics of effective nutritional counseling .
- ٣- Challenges in nutritional counseling .

Role of dietetic counselation in primary care appeared to be effective for:

- ٤- Improvement of diet quality.
- ٥- Body weight control.
- ٦- Glycaemic control.

Role of nutrition counseling as a factor influence patients life to a great extent and at the same time is being influenceid by :

- ٧- Personal factors.
- ٨- Economic factors.
- ٩- Psychological factors.
- ١٠- How can nutritional counseling influnced by psychological and emotional reasons.
- ١١- What is nutritional counseling ?
- ١٢- Who can benefit from nutritional counseling ?
- ١٣- Skills for the nutritional counseling.
- ١٤- The main goals of nutrition counseling.
- ١٥- Step of nutrition counseling .
- ١٦- What to expect from nutrition counseling ?
- ١٧- Who offers nutritional counseling and where ?
- ١٨- Family nutrition counseling.
- ١٩- Interviewing in nutritional counseling.
- ٢٠- Measuring results .
- ٢١- Important actions of the interview.
- ٢٢- Importance of listening in nutritional counseling.
- ٢٣- Responding in nutritional counseling.
- ٢٤- Important of nutritional history and analysis in nutritional counseling.
- ٢٥- Teaching – Learning process being and changed behavior .
- ٢٦- Principles of learning in nutritional counseling.

٢٧- Effective communication in the nutrition interview.

٢٨- Feed fulfillment –contact-effective participation.

٢٩- The ecology of human nutrition and malnutrition.

Role of nutrition counseling to find the solution :

٣٠- Role of nutrition counseling in facing economic environment and poverty.

Role of the healthcare worker in facing nutritional problems by nutritional counselor members.

٣١- Family economic needs food assistance programs.

٣٢- Role of counsellor in care food program.

٣٣- Role of nutrition counsellor in food buying guides .

٣٤- Role of nutrition counsellor in consumer cooperatives.

٣٥- A person-centered model applied to diabetes education by the nutrition counsellor.

٣٦- Observation in nutrition counseling.

٣٧- Measuring results of nutrition counseling.

٣٨- What plan of nutrition counsellor to solve the health problem and meeting the client's needs?.

٣٩- Nutritional counseling goals.

Environmental issues in Hospitality:

أ.د. خالد القاضي

١. Food borne disease
٢. Blood borne disease
٣. Food safety
٤. Hazad analysis and critical points.
٥. Hospital waste management system.

Epidemiological Disease

FAC ١٩

- ١- Coronavirus Disease (COVID-١٩)**
- ٢- Hantaviruses**
- ٣- Epidemiology of infectious disease (Hepatitis A)**
- ٤- Malaria and Nutritional Correlation**
- ٥- Schistosomiasis**
- ٦- Ebola Virus Disease (EVD)**
- ٧- Marasmus**
- ٨- Kwashiorkor**

أستاذ المقرر
أ.د/ إبراهيم سعيد سالم

Fundamental of production:

أ.د. خالد القاضي

١. Plant growth and development.
٢. Organization of food products.
٣. Portion control.
٤. Product cost.
٥. Food service

physical growth

١. The effect of protein supplementation on athletic activity.
٢. Designing a nutritional program for athletes.
٣. Sports drinks.
٤. Competitor's nutritional assessment.
٥. Carbo loading for athletes

Physiology 1st level

١. Protein synthetic machinery
٢. Cell membrane and transportation
٣. Enzymes
٤. One of the endocrinologic diseases
٥. Digestion
٦. Carbohydrate metabolism

Best regards,

Ahmed Esmat

Research ideas for Psychology course

Dr. Suzanne M.I.Arafa

Course title : Drug & Nutrient Interaction

Code No. NUT ٣١٧

Research Topics

- ١- Health benefits and possible risks of some medicinal plants.
- ٢- Toxicity and adverse health effects of some common herbal medicines.
- ٣- Risks of concurrent use of prescription drugs with herbal medicinal products.
- ٤- The growing use of herbal medicines: issues relating to effectiveness and safety.
- ٥- The influence of drugs on the absorption and metabolism of food.

Good Luck

Prof. Dr. Inas Zeidan

Researches Basics of Economics

Prof. Gamal Attia

Dr. May Hassan

	Topics
١	International Trade and Exchange Rate
٢	Inflation
٣	Unemployment
٤	Gross Domestic Product (GDP)
٥	Consumption, Saving and Investment
٦	Consumer Equilibrium
٧	Producer Equilibrium

Statistics

- 1 -the uses of continuous distributions in real life .
- 2 -the uses of discrete distributions in real life.
- 3 -the uses of statistics in solving problems for populations.
- 4 -the uses of normal distribution in life.
- 5 -the uses of exponential distribution in applications.

الفصل الدراسي الثاني عام 2020/2019

مادة (Accounting)

كلية الإقتصاد المنزلي

برنامج التغذية العلاجية

المشروع البحثي رقم (1):

Firstly Theoretical Part :

Discuss The Conceptual Framework of Accounting according to :

- Definition of Accounting.
- Purposes of Accounting.
- Difference between Bookkeeping and Accounting.
- Users of Accounting information.

Secondly Practical Part :

The Following is the Trial balance of Jana Company on December31,2019 before preparing the financial statements :

Accounts	Amounts	
	Debit	Credit
Cash	91,100	
A/R	7,800	
Building	144,000	
Land	180,000	
A/P		23,100
N/P		6,900
Capital		331,560
Drawings	75,000	
Revenues		638,440
Advertising expenses	45,000	
Rent expenses	108,000	
Maintenance expenses	15,600	
Salaries expenses	237,000	
Utilities expenses	13,500	
Insurance expenses	7,560	
Other expenses	75,440	
	1,000,000	1,000,000

Required :

- 1- Prepare Income Statement For 2019.
- 2- Prepare Balance Sheet .

Firstly Theoretical Part :

Compare between different types of financial statements according to:

Name of statement ,Purpose of statement and Elements of statement.

Secondly Practical Part :

The following are business transactions for a Koky company during its month of operation.

Transaction (1): On January 1, 2020 Koky Company invests 100,000 cash in the business.

Transaction (2): On Jan 5, Koky purchases for 40,000 equipment from Silver Company on credit (on account).

Transaction (3): On Jan 8, Koky got a Loan for 30,000 cash.

Transaction (4): On Jan 14, Koky Purchase furniture for 10,000 cash.

Transaction (5): On Jan 17, Koky receives 20,000 cash from customers for Provide services.

Transaction (6): On Jan 20, Koky Sold part of the furniture for 8,000, received 4,000 in cash and the rest on the account.

Transaction (7): On Jan 22, Koky pays 5,000 wages in cash.

Transaction (8): On Jan 25, Koky pays 15,000 to silver company cash.

Transaction (9): On Jan 28, Koky receives 2,000 in cash from customers the remaining part of the furniture of the sale price.

Transaction (10): On Jan 30, the owner of Koky Company withdraws 6,000 in cash from the business (The Company) for his personal use.

Required:

1-Prepare a Tabular summary of the transactions .

2-Prepare Income Statement. 3-Prepare Balance Sheet.

Firstly Theoretical Part :

Discuss the major Types of Adjusting Entries in details.

Secondly Practical Part :

The Following is the Trial balance of Joury Company on December 31,2020 before preparing the financial statements :

Accounts	Amounts	
	Debit	Credit
Cash	200,000	
A/R	100,000	
Notes Receivable	50,000	
Building	400,000	
Equipment	50,000	
A/P		70,000
Capital		500,000
Drawings	70,000	
Revenues		530,000
Advertising expenses	30,000	
Rent expenses	50,000	
Salaries expenses	100,000	
Utilities expenses	50,000	
	1,100,000	1,100,000

Required :

- 1- Prepare Income Statement For 2020.
- 2- Prepare Balance Sheet .

Firstly Theoretical Part :

Discuss The Accounting Equation in details.

Secondly Practical Part :

- 1- Assume on 1/4/2019 the firm paid 4800 insurance for one year.
- 2- Ali firm previously received 800 for services in advance of providing the service. Ali has now earned 500 of the money.
- 3- On 31/12/2019 a salaries of 10,000 is due but not paid.
- 4- On 1/10/2019 Ali Advertising Agency earned 3,000 for advertising services that have not been recorded.

Required:

Prepare Adjusting entry .

Determine the effect of this transactions on financial statements.

Firstly Theoretical Part :

Explain The Accounting Cycle.

Secondly Practical Part :

The following are business transactions for Home Company during its month of operation.

Transaction (1): On January 1, 2020 Home Company invests 200,000 cash in the business.

Transaction (2): On Jan 5, Home Company purchases for 80,000 equipment from Silver Company on credit (on account).

Transaction (3): On Jan 8, Home Company got a Loan for 60,000 cash.

Transaction (4): On Jan 14, Home company Purchase furniture for 20,000 cash.

Transaction (5): On Jan 17, Home Company receives 40,000 cash from customers for Provide services.

Required:

Prepare a Tabular summary of the transactions.

Prepare income statement.

Prepare Balance sheet.

Firstly Theoretical Part :

Define Accounting , determine the Purposes of Accounting and compare between Bookkeeping and Accounting.

Secondly Practical Part :

The following are business transactions for Hamza Company during its month of operation.

Transaction (1): On January 1, 2020 Hamza Company invests 300,000 cash in the business.

Transaction (2): On Jan 8, Hamza got a Loan for 90,000 cash.

Transaction (3): On Jan 14, Hamza Purchase furniture for 30,000 cash.

Transaction (4): On Jan 20, Hamza Sold part of the furniture for 24,000, received 12,000 in cash and the rest on the account.

Transaction (5): On Jan 30, the owner of Hamza Company withdraws 18,000 in cash from the business (The Company) for his personal use.

Required:

Prepare a Tabular summary of the transactions.

Prepare balance sheet.

Firstly Theoretical Part :

Discuss the importance of adjusting entries and compare between preparing adjusting entries for prepayments and accruals.

Secondly Practical Part :

- 1- Assume on 1/7/2019 the firm paid 4800 insurance for one year.
- 2- Ali firm previously received 800 for services in advance of providing the service. Ali has now earned 600 of the money.
- 3- On 31/12/2019 a salaries of 20,000 is due but not paid.
- 4- On 1/8/2019 Ali Advertising Agency earned 3,000 for advertising services that have not been recorded.

Required:

Prepare Adjusting entry .

Determine the effect of this transactions on financial statements.

Firstly Theoretical Part :

Compare between different types of financial statements and explain the effect of adjusting entries on Two statements .

Secondly Practical Part :

Presented below is selected information related to (ABC) company at December 31, 2019. (ABC) reports financial information monthly.

Land 80,000 - Sales Revenue 75,000 – Building 50,000 - Accounts Payable 15,000 – Cash 10,000 – Inventory 5,000 – Rent expense 5,000 – Salaries expense 15,000 – Accounts Receivable 20,000 – Withdrawals 5,000 – Capital 100,000 – Advertising expense 10,000 – Loans 20,000.

Required:

Prepare Income Statement.

Frist Theoretical Part :

Explain the components of accounting equation and discuss examples of transactions and their impact on the Accounting Equation in details.

Secondly Practical Part :

Presented below is selected information related to (ABC) company at December 31, 2019. (ABC) reports financial information monthly.

Land 80,000 - Sales Revenue 75,000 – Building 50,000 - Accounts Payable 15,000 – Cash 10,000 – Inventory 5,000 – Rent expense 5,000 – Salaries expense 15,000 – Accounts Receivable 20,000 – Withdrawals 5,000 – Capital 100,000 – Advertising expense 10,000 – Loans 10,000.

Required:

Prepare Balance sheet.

Firstly Theoretical Part :

Define Accounting , determine Users of Accounting information and Explain Balance sheet in details.

Secondly Practical Part :

- 1- Assume on 1/1/2019 the firm paid 4800 insurance for one year.
- 2- Ali firm previously received 800 for services in advance of providing the service. Ali has now earned 200 of the money.
- 3- On 31/12/2019 a salaries of 5,000 is due but not paid.
- 4- On 1/11/2019 Ali Advertising Agency earned 3,000 for advertising services that have not been recorded.

Required:

Prepare Adjusting entry .

Determine the effect of this transactions on financial statements.

Firstly Theoretical Part :

Discuss The Conceptual Framework of Accounting according to :

- Definition of Accounting.
- Purposes of Accounting.
- Difference between Bookkeeping and Accounting.
- Users of Accounting information.

Secondly Practical Part :

- 1- Assume on 1/2/2019 the firm paid 9600 insurance for one year.
- 2- Ahmed firm previously received 1600 for services in advance of providing the service. Ali has now earned 400 of the money.
- 3- On 31/12/2019 a salaries of 10,000 is due but not paid.
- 4- On 1/2/2019 Ahmed Advertising Agency earned 6,000 for advertising services that have not been recorded.

Required:

Prepare Adjusting entry .

Determine the effect of this transactions on financial statements.

Firstly Theoretical Part :

Compare between different types of financial statements according to:

Name of statement ,Purpose of statement and Elements of statement.

Secondly Practical Part :
